

Agenda

Day 1 – 21 May 2026

TIME	SESSION	DETAILS
08:30– 09:00	Registration and Coffee	Badge collection, networking
09:00– 09:30	Opening Session	Welcome by Nikolaos Koutsouleris, Katrin Amunts, Philippe Vernier, and Viktor Jirsa
09:30– 10:30	S1 – Multiscale architecture and brain function	<i>How does brain function emerge from its multiscale architecture?</i> Moderators: Michela Chiappalone, Rainer Goebel, Egidio D'Angelo
10:30– 11:00	Coffee Break	
11:00– 12:00	S2 – Digital brain twins for disease and intervention	<i>How do we build digital brain twins that capture disease mechanisms well enough to guide intervention?</i> Moderators: Marc Tittgemeyer, Claudia Gandini Wheeler-Kingshott, Jan Fousek
12:00– 13:00	S3 – Computation, AI, and intelligent infrastructure	<i>How do computation, AI, and intelligent infrastructure shape what we can learn about the brain – and what brains can teach machines?</i> Moderators: Walter Senn, Marmaduke Woodman, Lia Domide
13:00– 14:30	Lunch	Provided on site. Informal exchange between contributors and organisers
14:30– 15:30	T1 – Clinical and technological translation	<i>How do we translate digital brain science into clinical practice and technological innovation?</i> Moderators: Xenia Kobeleva, Roy Haast, Claudia Casellato
15:30– 16:30	T2 – Sustainability, accessibility, and societal responsibility	<i>How do we ensure the sustainability, accessibility, and societal responsibility of brain research infrastructure?</i> Moderators: Trygve Brauns Leergaard, Laurette Daube, Patricia Reynaud-Bouret
16:30– 17:00	Day 1 Closing	Synthesis of Day 1
17:00– 17:30	Informal Exchange and Networking Coffee	

Agenda

Day 2 – 22 May 2026

TIME	SESSION	DETAILS
08:30– 09:00	Coffee and Arrival	
09:00– 10:00	Panel 1 – Reflections on Day 1	Moderated panel on convergences, disagreements, missing elements. <i>Moderator: Jan Bjaalie</i>
10:00– 10:30	Remarks by European Commission	<i>Evangelia Markidou</i>
10:30– 11:00	Coffee Break	
11:00– 12:00	Panel 2 – EBRAINS in the European and Global Landscape	Moderated panel on positioning relative to ESFRI, EuroHPC, ELIXIR; international partnerships; European Brain Data Space and AI; sustainability, governance, and long-term funding <i>Moderator: Yannis Ioannidis</i>
12:00– 12:15	Synthesis and Handoff to Writing Team	Live synthesis of priorities, areas of consensus, and unresolved tensions. Next steps: timeline (Q3–Q4 2026), integration and community review
12:15– 12:30	Closing Remarks	Katrin Amunts and Philippe Vernier
12:30– 13:30	Farewell Lunch	Light lunch and networking before departures
